PREDITIONS
What kind of single-use plastics do you think we will find?

What do you think we will find the most of?

OBSERVATIONS: Use the chart below to tally the number of Single-Use Plastics you find.

| Classroom | Straws | Snack Pack | 8 Botties | Container | Cups | (n) Bags |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Example | HIII | HH | \|| | \|||| | \|| | \\| |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
| Total |  |  |  |  |  |  |

## RESULTS

What were the top three types of Single-Use Plastics we found?
1.
2.
3.

Does this match your prediction?

If not, why do you think this is the case?
